

## INLINE FLOWMETER

**Benefits:**

- Compatible with water and glycol
- Easy to read
- Fluid always visible
- Low pressure drop
- Horizontal or vertical orientation
- Easily insulated
- Easy to install
- Small

**Materials:**

End material: Brass  
 Housing: PVC  
 Shaft and spring: 316 stainless steel  
 Seals: Viton®

**Ratings:**

Max Temperature: 150°F  
 Max. Pressure @ 70°F: 200 psig  
 Max. Pressure @ 150°F: 50 psig  
 Accuracy: ± 5%

**Dimensions:**

Length: 7 inches (178 mm)

P/N	Flow Range	Brass hex end	Connections	Weight, lbs. (kg)
A01301-001	0-10	2 inch (50 mm)	1" (F) NPT	2.1 (1.0)
A01302-002	0-15	2 inch (50 mm)	1" (F) NPT	2.1 (1.0)
