SYSTEM

Please call us at (800) 527-0896 or send us an email at sales@unicosystem.com with any questions you may have.

Business Hours:

Monday-Friday

7:00 a.m. – 5:00 p.m. CST

DESIGN **SERVICES**

Unico can help with commercial or residential HVAC Projects in new or existing structures and will layout the ductwork, outlets, equipment location, and provide a material list.   Unico can receive plans in Auto-Cad (can receive files up to 50 mb if larger, please share the file via Drop Box), PDF, JPEG, and hard copy of plans.

Please go on line and fill out the Load Calculation Form www.unicosystem.com/design-services for large files (10mb or higher)

designplans@unicosystem.com or call us at 800-527-0896, option 4.

If opting to send hard-copies of your drawings, please mail to:

Unico System
Attn: Design Services

Arnold, MO 63010

Unico, Inc. reserves the right to use our design of your plans in our marketing materials. Unico makes no claims that the information given to us is correct or complete. It is the responsibility of the installing contractor, design, design engineer, or architect to verify the design conditions and performance. Thank you for your support

UNICO **UNIVERSITY**

       Being an HVAC professional is a true commitment to excellence. However, staying up to date with the latest product improvements and industry trends can be a daunting challenge. That is why we set up Unico University as your "one-stop-shop" for all things Unico.

       Unico University offers a choice of three types of training programs to get you on board and help keep you informed about new installation innovations and methods: Online Training, Field Training, or In-Factory Training. The In-Factory training now qualifies for continuing education credits though NATE.

ONLINE **TRAINING**

       Available at your convenience and on your time schedule, our online training modules are an easy way to familiarize yourself with the Unico System, its innovative components, the latest installation and troubleshooting methods, and the marketing and sales tools available to help grow your business with Unico. Take them in your skivvies, over a beer, or at your favorite hunting blind – it is up to you.

FIELD **TRAINING**

       We also offer several training locations around the country with courses conducted by our local Unico representatives throughout the year. More hands-on than our online modules but not quite as immersive as Unico University In-Factory Training - our Field Training sessions allow you and your employees to gain a comprehensive understanding of the Unico System and proper installation techniques.

IN-FACTORY **TRAINING**

       Hosted at our factory in St. Louis, this immersive, in-person training is held once a month and includes demonstrations, hands-on instruction, and a tour of the factory. Unico trainer, Matt Gordon, will cover everything you need to know about the Unico System, including start-up, layout, design and troubleshooting. Unico provides lodging and lunch – you only need cover your cost for travel to St. Louis.
